

JEFFERSON COUNTY

# COVID-19 VACCINE SITE LIST

As of 3/22/2021

## Please note

This is a list of agencies in Jefferson County currently offering COVID-19 vaccine. The list may change due to vaccine availability or other unforeseen reasons; therefore, please make contact with the location of your choice to ensure their status of operation. Also, it may be necessary to contact or view the website of the respective site to check for required documents, change of hours or postponements of clinics due to issues such as inclement weather.

We understand that some people may be concerned about getting vaccinated now that COVID-19 vaccines are available in the United States. While more COVID-19 vaccines are being developed as quickly as possible, routine processes and procedures remain in place to **ensure the safety** of any vaccine that is authorized or approved for use. Safety is a top priority, and there are many reasons to get vaccinated.
