JEFFERSON COUNTY COMMISSION CANCELS EMERGENCY MEETING TOMORROW AND REOPENS COURTHOUSE MAY 1

Birmingham, AL – The Jefferson County Commission has canceled its emergency meeting scheduled for Wednesday, April 29 at 10 a.m., but is reopening the Courthouse and satellite locations to the public on May 1. People are encouraged to still do business online whenever possible. On reopening on May 1, 2020, the Jefferson County Courthouse and its satellite locations will operate as follows, as recommended by state health orders:

- New plexiglass shields are being added to all our public facing counters such as the Department of Revenue and Tax Assessors office.
- The courthouse is being cleaned according to CDC guidelines.
- Social distancing is required for those waiting for services.
- Employees and customers will comply with the City of Birmingham's ordinance requiring the wearing of face coverings in public.
- County departments are still encouraging tele-commuting for employees where possible.

Please note the state Department of revenue extended tag renewals for March and April to May 15 so you still have time to take care of those items and they can still be done online, visit jccal.org and look at the top of the page for Frequently Asked Questions on how to do business online with the County.
